# CALBOURNE MILL

*The only working Water Mill on the Isle of Wight*

Milling is daily at 3pm during the summer season (except Saturdays). Set in 35 acres of stunning rural landscape, **Calbourne Water Mill** contains one of the oldest working water mills in the country, dating back to the Domesday Book.

A fascinating day out for all the family, enjoy looking around the Mill, Museums, Wind Solar and Water Power displays. Enjoy a walk through the Ancient Oak woodlands and around our ponds, cross the Rainbow Bridge to the Tranquil Island and discover the Dragon's home.

Other pleasant surprises are punt hire on the mill stream, golf on the putting course and croquet on the lawn. Feed the peacocks, doves, ducks and fish in the mill ponds.

Visit the **Water Mill Pottery** where you can see our potters at work.

*Cafe & Gift Shop*

The Water Mill has a fully licensed Cafe/Restaurant

# WINKLE STREET

## THE ISLAND'S BEST KEPT SECRET

*Walk into the peace and quiet of Winkle Street, a delightful lane bordered on one side by a row of stone and thatched cottages and on the other by a stream which flows under an old stone bridge into an ancient sheepwash, one of the best preserved in the South of England, through the meadows to Calbourne Mill and on to the sea . . .*

**SEE IF YOU CAN FIND IT  
 NO SIGNS • LIMITED PARKING**

*There is an information board at the lower end of the street.*
