

## Feedback for Doodles and Doodles Club sessions

Doodles is amazing for our children with learning disabilities- the staff are so kind patient and fun!! My son looks forward to his sessions more than anything else in the week and would be lost without it. It is helping him socially so much and he enjoys the activities and sensory input.

There is nothing else like Doodles and I hope it continues to go from strength to strength giving families a much needed break and for our children to have fun, play and learn in a safe environment

[my daughter] loves going there and as you know it's the only place (and short breaks) activity she can attend on her own...I totally trust you with her complex needs and you always help her to get over her anxieties. She is so happy there, she does some good art work plus meeting up with friends
