1. What type of respondent are you?

Member of the Public

2. What Environment policy you are commenting on

EV10 - Preserving Settlement Identity

3. Does your comment relate to a specific paragraph(s)? if yes which paragraph does this relate to?

The allocation of development sites has been changed WITHOUT consolation and completely ignores the neighbourhood community led planning that exists within the Freshwater Neighbourhood plan. The revised boundary does NOT serve local community needs

The original boundaries should be reinstated and the threat to grade 2 agricultural land be removed. the Council has NOT complied with its Duty to cooperate nor is it consistent with National policy

4. In relation to the policy or paragraph you are commenting on, do you consider the Island Planning Strategy for submission to be legally compliant?

No

5. Please give details to support your answer to question 4

- **No, Failure to comply to Duty to Cooperate**
- **No - not legally compliant**

6. In relation to the policy or paragraph you are commenting on, do you consider the Island Planning Strategy for submission to be sound?

No

7. If you answered no to question six is this because?

- **Not consistent with national policy**
- **not justified**
- **not positively prepared**

8. What modifications do you think are needed to make the Island Planning Strategy legally compliant and/or sound?

The draft plan was not available on IWC consultation page. There should be an opportunity for consultation before this plan is submitted

IW Council admitted the plan was not legally compliant and changes were made only 2 days ago

The Council have failed in its duty to cooperate and has not demonstrated effective joint working and has not made information publicly available to provide transparency as outlined in the the National Planning policy framework

9. Do you have any comments on the policies map?

no

11. Do you wish to request to appear at the hearing sessions that will take place?

Yes

12. Please outline why you would like to attend?

to hear first hand the independent examination regarding Isle of Wight Council's lack of compliance with the duty to cooperate

to hear recommendation that will ensure the document takes into account the neighbourhood community led planning that exists within the Freshwater Neighbourhood plan and thereby abides by its duty to cooperate and demonstrate effective joint working

to ensure that information is made publicly available before its submission to provide transparency as outlined in the the National Planning policy framework
