Dear GP

Re: Local Offer Leaflet

Please find enclosed leaflets produced by the Isle of Wight Local Authority in partnership with the Isle of Wight Clinical Commissioning Group and Parents Voice IW.

The IW CCG have been working with the IW LA and parents to produce a Local Offer website <https://www.iwight.com/localoffer> containing all the information that we are required to publish as set out in the Special Educational Needs and Disabilities Code of Practice and the Children and Families Act 2014:

*“Local authorities and CCGs **must** work together to ensure that information about education, social care and health provision for children and young people with special educational needs and disabilities is made readily available through a local offer”.*

It was acknowledged that not everybody has access to a computer and so the leaflet is another way of providing information about sources of support and advice that are available locally for children/young people and their families.

We would be grateful if you would make the enclosed leaflets available to patients by displaying them in your practice.

If you have any questions about the leaflet or the local offer please do not hesitate to contact me.

Yours sincerely

Michelle Jones
