Every objection to the registration, whether as Common Land or as a town or village green, of any land comprised in this register unit has effect as an objection to any registration (whenever made) under Section 4 of the Commons Registration Act, 1965 of any rights over that land whether that registration appears in this register or in the Register of Common Land. If any of the land is also registered as common land, a note to that effect will appear in each section of this register unit.

NOTE: This section contains the registration of every person registered under the Act as owner of any of the land described in the land section of this register unit. It does not contain any registration in respect of land of which the freehold is registered under the Land Registration Acts 1925 and 1936, but the absence from this section of a registration in respect of any land described in the land section does not necessarily indicate that the freehold of that land is registered under those Acts.
