2. What Housing policy you are commenting on

H6 - New Homes in the countryside outside the Settlement Boundaries

My main concern is within The allocation of sites has been changed without consultation and does not serve local community needs.

4. In relation to the policy or paragraph you are commenting on, do you consider the Island Planning Strategy for submission to be legally compliant?

No

5. Please give details to support your answer to question 4

- **No, Failure to comply to Duty to Cooperate**
- **No - not legally compliant**

6. In relation to the policy or paragraph you are commenting on, do you consider the Island Planning Strategy for submission to be sound?

No

7. If no to question six is this because?

- **not effective**
- **not justified**
- **not positively prepared**

8. What modifications do you think are needed to make the Island Planning Strategy legally compliant and/or sound?

For fair public awareness and understanding of the change this policy can bring to housing there needs to be proper public consultation. Major concern for the policy is having such a complex extensive and predominantly IT/online based proposal with interactive map makes it's difficult for members of the public and understand and digest.

9. Do you have any comments on the policies map?

The interactive map is difficult to use on mobile appliances, especially when modifying the layers visibility. This makes it's difficult for public to fully utilise and understand.

11. Do you wish to request to appear at the hearing sessions that will take place?

No

12. Please outline why you would like to attend?
