The proposal is to introduce a new resourced provision at the Primary site for 12 pupils with ASC.

Consultation

The Isle of Wight Council (IWC) has a statutory duty to provide sufficient specialist educational places for children and young people with Special Educational Needs Disability (SEND) on the Isle of Wight.

The current Strategic Review of Specialist Places for children and young people with an Education, Health and Care Plan (EHCP) showed that further specialist provision for SEMH (Social, Emotional and Mental Health), ASC (Autism Spectrum Condition), SLCN (Speech, Language and Communication Needs) and MLD (Moderate Learning Difficulties) was needed both at primary and secondary education.

In June 2020 the outcomes of this review were completed and can be viewed [here](#) (PDF, 1.89 MB, 34 pages).

The proposed additional SEND provision at The Bay CE School will help manage some of the school place pressures generated by the increase in the number of Education Health and Care Plans (EHCPs) maintained by the local authority and allow placement of additional children for September 2025.

Requirements for local authorities to put in place an accessibility strategy are specified in schedule 10 of the Equality Act: Accessibility for disabled pupils. This schedule provides for accessibility arrangements for pupils in schools as set out in section 88.

The IWC strategy can be viewed on line by clicking [here](#) (PDF, 372.27 KB, 20 pages).

All applicable statutory requirements in relation to the proposals to consult have been complied with.

Project costs

8. A statement of the estimated total capital cost of the proposals and the breakdown of the costs that are to be met by the governing body, the local education authority, and any other party.

£30,000 is needed for the Primary site to remodel existing classroom spaces to ensure appropriate accommodation is provided.

9. A copy of confirmation from the Secretary of State, local education authority and the Learning and Skills Council for England (as the case may be) that funds will be made available (including costs to cover any necessary site purchase).

The local authority will make these funds available through the High Needs Budget.

Extended services

10. If the proposed alterations affect the provision of the school's extended services, details of the current extended services the school is offering and details of any proposed change as a result of the alterations.

The proposals do not affect the provision of the school's extended services.

Need or demand for additional places

11. If the proposals involve adding places—

- (a) a statement and supporting evidence of the need or demand for the particular places in the area;

Isle of Wight Council has a statutory duty to provide school places for all children including those who have special educational needs and or a disability.

These additional places are required following the conclusion of the comprehensive review of the need for specialist educational places on the island and the publication of “the Isle of Wight Council’s strategy for a continuum of Special Educational Needs and/or Disabilities (SEND) provision for children and young people from 0 to 25 years.” in June 2020.

That report identified trends in current SEND populations on the Isle of Wight and projected trends in demographics which may impact on future SEND provision. It identified where additional provision was required and made recommendations for its development to meet needs on the Isle of Wight.

It concluded that there was an increase in children with ASC needs on the Island, some of whom will require specialist places. This resourced provision will provide 12 spaces at the primary site.

- (b) where the school has a religious character, a statement and supporting evidence of the demand in the area for education in accordance with the tenets of the religion or religious denomination;

The proposed resourced provision provides additional places for pupils in the local area with an appropriate EHCP and will be commissioned and placed by the Local Authority – places will be agreed with the school and no preference/priority will be made in regard to religion.

- (c) where the school adheres to a particular philosophy, evidence of the demand for education in accordance with the philosophy in question and any associated change to the admission arrangements for the school.

(a) (for proposals published by the governing body) paragraph 1 of Part 1 to Schedule 2 or paragraph 12 of Part 2 to Schedule 2;

(b) (for proposals published by the LA) paragraph 1 of Part 1 to Schedule 4 or 18 of Part 4 to Schedule 4

of the School Organisation (Prescribed Alterations to Maintained Schools) (England) Regulations 2007 (as amended).
