WORKFORCE PROFILE

31 March 2020

Introduction

The purpose of this report is to provide the workforce profile data for the Isle of Wight Council in order to meet our responsibilities set out in the Equality Act 2010.

These figures exclude schools-based staff, and include all contract types unless otherwise stated, external employees not paid through the payroll (such as agency and interim staff) are excluded, the reporting date is 31 March 2020 unless otherwise stated.

Key Terms

- FTE means Full Time Equivalent and is the fraction of the standard full-time contracted hours a worker works from 0 to 1, for example a full-time worker on 37 hours per week equates to 1 FTE whereas a part-time worker on 18.5 hours per week would be 0.5.
- Full-Time is 1 FTE
- Part-Time is anything less than 1 FTE or greater than 0 FTE
- Casual is 0 FTE where there are no contractual hours.
- Annual Salary is the amount an individual earns as a basic wage net of any additional payments and before any deductions
- FTE Salary is the amount a person would be paid if they worked full-time and is used to aid comparison with other posts
- Number of Employments refers to the number of people with a contract of employment, an individual can be contracted to a number of roles and each role or contract is counted separately
